

## CONTENTS

<b>Z. A. Avdeeva, G. R. Mursalimova</b> Evaluation of resistance of of <i>Fragaria ananassa</i> Duch to biotic stress factors in the conditions of the Orenburg Cisural area .....	18
<b>O. N. Aladina, S. V. Akimova, I. N. Buyanov</b> Peculiarities of introduction of new gooseberry varieties into the sterile culture .....	22
<b>E. V. Aminova, Z. A. Avdeeva, F. K. Dzuraeva</b> Evaluation of resistance of raspberry varieties to abiotic stressors of the Southern Urals .....	28
<b>N. V. Andronova</b> Winter hardiness and yields of original forms of strawberry in the conditions of the Bryansk region .....	32
<b>M. I. Antipenko</b> Biochemical evaluation of the strawberry fruits .....	37
<b>K. M. Atabiyev, Ye. V. Ulyanovskaya, T. G. Prichko</b> Evaluation of indicators of fruits quality of perspective apple varieties in the conditions of North Ossetia-Alania Republic .....	44
<b>A. A. Belyaev, G. I. Baklanova, A. A. Kuzmina, E. N. Panina</b> Raspberry resistant varieties to pests and diseases in the forest-steppe of Ob region .....	48
<b>R. E. Bogdanov, A. N. Yushkov, A. S. Zemisov, N. V. Borzykh</b> The study of plum varieties for winter resistance using optical methods .....	52
<b>N. S. Vakhrusheva</b> The biochemical composition of berries of strawberry elite forms .....	56
<b>A. N. Vikulina, S. V. Akimova, O. N. Aladina</b> Growth of <i>ex vitro</i> raspberry plants in the open ground conditions .....	61
<b>T. I. Gavrilova, Yu. V. Trunov, A. I. Kuzin</b> Biochemical composition of black currant berries at Akvarin foliar top dressing of plants .....	66
<b>O. D. Golyaeva, O. V. Kalinina</b> The adaptability of red currant varieties from the FSBSI All Russian Research Institute of Fruit Crop Breeding (VNIISPK) to abiotic and biotic factors of the environment .....	70
<b>S. V. Goncharova, D. G. Shornikov</b> The influence of different colchicine concentrations on Aster annual ( <i>Callistephus Chinensis</i> (L.) Nees) morphological parameters variation .....	75
<b>L. P. Gotovtzeva, N. S. Gabysheva</b> Altai black current varieties in Central Yakutia .....	81

**L. G. Demenina**

Contemporary gene pool of stone fruit crops in the Samara region: mobilization, preservation and studying ..... 86

**F. C. Dzuraeva, Z. A. Avdeeva, E. V. Aminova**

Influence of abiotic factors on accumulation of ascorbic acid in fruits of *Fragaria ananassa* Duch. and *Rubus idaeus* L. in the conditions of the Orenburg Cisural area ..... 91

**E. A. Dolmatov, O. N. Borisova**

Promising forms of clonal rootstocks for pear from the FSBSI All Russian Research Institute of Fruit Crop Breeding (VNIISPK) ..... 95

**S. N. Yevdokimenko, M. A. Podgaetskiy, A. A. Danilova, N. V. Mironova**

Frost resistance of raspberry stems during the thaw ..... 100

**G. V. Eremin**

The use of genomic analysis to increase the efficiency of hybridization of *Prunus* L. species in the breeding of stone fruits ..... 105

**V. G. Yeremin, Ye. A. Smirnova**

The testing results of the new hybrid rootstock forms of stone fruit crops ..... 111

**G. V. Eremin, I. S. Chepinoga, R. M. Safarov**

Biological peculiarities of propagation of woody cuttings of Mahaleb cherry forms in connection with their use as clonal rootstock for cherry and sweet cherry ..... 116

**I. L. Efimova**

Apple trees fruiting on different dwarfing rootstocks depending on planting density ..... 121

**A. S. Zeynalov**

Effective monitoring is a key element in the regulation of the number and harmfulness of Codling moth *Laspeyresia pomonella* L. .... 125

**E. N. Ivanenko, A. A. Dronik**

The influence of foliar fertilizing on physiological parameters of apple plants in the arid conditions of the Caspian sea area ..... 129

**E. A. Ivanova, G. R. Mursalimova**

Role of genetic collection in innovative development of horticulture of the Orenburg region ..... 134

**A. A. Keldibekov, E. N. Sedov, Z. M. Serova**

Agrobiological evaluation of plantings of apple varieties Sinap Orlovsky in combination with intercalary rootstocks of FSBSI All Russian Research Institute of Fruit Crop Breeding (VNIISPK) ..... 141

**N. S. Kiseleva, O. I. Pashenko**

Variable fluorescence of chlorophyll as indicator of photosynthetic activity of assimilation device and skin of pear fruits varieties and hybrids ..... 145

<b>N. I. Klimenko, O. E. Klimenko</b>	
A new approach to the cultivation of seed stocks and seedlings of <i>Cornus mas</i> L. ....	152
<b>N. N. Kovalenko</b>	
Adaptive potential of the Far Eastern species of the genetic diversity of <i>Cerasus</i> Mill. — <i>C. sachalinensis</i> (Fr. Schmidt) Komar. Et Klob.-Alis in connection with its introduction into the western part of the foothill zone of the Krasnodar Territory .....	157
<b>N. N. Kovalenko, N. V. Polivara</b>	
Optimization of culture media for the <i>in vitro</i> culture of germs of hybrids of <i>Cerasus</i> Mill. ....	161
<b>L. D. Komar-Tyomnaya</b>	
Evaluation of susceptibility to powdery mildew of ornamental peach varieties introduced from China .....	169
<b>N. G. Krasova, A. M. Galasheva, E. Yu. Korolev</b>	
Growth and fruiting of apple varieties on different dwarf rootstocks .....	174
<b>A. A. Krinitsina, O. A. Churikova</b>	
Obtaining of sterile culture from seeds and clonal micropropagation of <i>Ficus carica</i> L. ....	178
<b>A. G. Kuklina, V. N. Sorokopudov, N. S. Tsybulko</b>	
Phytochemical analysis of fruit and leaves of shadberry ( <i>Amelanchier</i> Medik.) in cultogenic and invasive populations .....	182
<b>I. M. Kulikov, N. G. Morozova, V. S. Simonov, O. A. Sorokopudova</b>	
The development of the scientific school on horticulture of professor V. V. Kichina, outstanding geneticist and breeder .....	186
<b>V. I. Lapshin</b>	
Breeding evaluation of donor qualities of strawberry varieties by economically-valuable traits .....	196
<b>A. V. Lisina, V. F. Vorobyev</b>	
Influence of the ozone environment on gas permeability of pear fruits of various varieties at storage .....	200
<b>N. A. Litchenko, E. S. Khalilov</b>	
Economic-biological estimation of summer and autumn apple varieties in connection with the expansion of the assortment of culture in Crimea .....	204
<b>I. V. Luk'yanchuk</b>	
Introgressive hybridization in strawberry breeding for adaptive traits .....	209
<b>A. S. Lyzhin, N. N. Savel'eva</b>	
Molecular genetic analyses of apple hybrid seedlings by loci of monogenic resistance to scab .....	213

<b>S. S. Makarov, E. A. Kalashnikova</b>	
Influence of nutrient medium composition on clonal micropropagation of honeysuckle edible .....	217
<b>A. K. Mamontov</b>	
Abundantly flowering species of the genus <i>Helianthemum</i> Mill. in the conditions of Moscow .....	223
<b>O. E. Merezhko, G. R. Mursalimova, F. C. Dzhuraeva</b>	
Characteristic of apple-tree varieties of Orenburg Experimental Station of Horticulture and Viticulture breeding .....	228
<b>K. V. Metlitskaya, M. T. Upadyshev, A. D. Petrova, N. A. Holod</b>	
Infestation by nepoviruses of strawberry varieties after <i>in vitro</i> culture .....	232
<b>A. N. Minin, A. W. Bronnikov, W. J. Krichkovsky</b>	
Plum introduction and breeding of in the conditions of forest-steppe of the Middle Volga area .....	236
<b>G. S. Mukanova, A. G. Sankaibayeva, L. Sh. Shadmanova, Sh. N. Kujabergenova</b>	
Varieties-clones of <i>Malus sieversii</i> as promising source of natural antioxidants ...	241
<b>G. R. Mursalimova</b>	
Evaluation and creation of the source material of clonal rootstocks for the priority breeding directions .....	245
<b>N. V. Myasishcheva, M. A. Makarkina</b>	
Study of the gelling properties of pectins of black currant berries in the process of low-temperature storage .....	249
<b>S. E. Nigmatyanova, G. R. Mursalimova</b>	
The effect of Zircon and Ribav-Extra preparations on the processes of rhizogenesis of green cuttings of ornamental cultures .....	253
<b>L. Yu. Novikova, L. G. Naumova</b>	
Model of temperature regulation of vine development .....	257
<b>G. D. Popov</b>	
The choice of the freezing exposure in determining frost resistance of hazel and apple .....	261
<b>S. V. Prakh, I. G. Mishchenko</b>	
Monitoring of pests and diseases of stone fruit crops as a scientific basis for the technology of protective measures .....	265
<b>A. A. Reut, L. N. Mironova</b>	
The history of the formation of the collection of peony in Botanical Garden-Institute of Ufa .....	270
<b>Zh. A. Rupasova, I. M. Garanovich, T. V. Shpitalnaya, T. I. Vasilevskaya, N. B. Krinitskaya, L. V. Frolova</b>	
Biochemical composition of fruits of introduced varieties of tara vine ( <i>Actinidia arguta</i> Siebold et Zucc.) Planch. ex Miq.) in Belarus .....	274

<b>L. S. Rutkovska, E. M. Misuk</b>	
Protection of mother plantations of currant black from weeds .....	278
<b>S. M. Sabaraykina</b>	
Biochemical evaluation and antioxidant activity of needle-acuminate in Yakutia .....	282
<b>N. N. Savel'yeva, V. V Chivilev, A. S. Zemisov, A. S. Lyzhin</b>	
Resistance to frost of wild apple and pear species after artificial freezing .....	286
<b>F. F. Sazonov, V. P. Lushcheko</b>	
Influence of varietal resistance and weather environment on the development of black currant anthracnose in the conditions of the Bryansk Region .....	290
<b>E. N. Sedov, Z. M. Serova</b>	
The intensification and acceleration of apple breeding due to the prebreeding and creative collaboration of scientific institutions .....	295
<b>M. A. Sokolova</b>	
Promising accessions of Asiatic lilies breeding in FSBSI «Federal scientific center named after I. V. Michurin» .....	300
<b>V. V. Sokolova, M. A. Ermakov</b>	
The selection of promising forms of walnut <i>Juglans regia</i> L. on economically valuable parametres of nut in the Main Botanical Garden of RAS .....	303
<b>V. N. Sorokopudov, O. A. Sorokopudova, E. V. Ivanova</b>	
Evaluation of fruit of ornamental apple species on some biochemical parameters .....	307
<b>A. I. Sotnik, R. D. Babina, V. V. Tankevich</b>	
Actual aspects of horticulture development in the Republic of Crimea.....	312
<b>E. P. Starodubtseva, O. E. Merezhko, G. R. Mursalimova</b>	
Source material for creation of varieties of fruit crops .....	316
<b>N. P. Stolnikova, A. V. Kolesnikova</b>	
Evaluation of the efficiency of strawberry varieties in conditions of the forest-steppe of the Altai region .....	321
<b>D. D. Telezhinskiy</b>	
Influence of anthocyanin fruit coloration on the winter hardiness of pear hybrid seedlings .....	325
<b>M. A. Tikhonova, G. R. Mursalimova, E. A. Ivanova</b>	
Impact of immunostimulators on grapes plants .....	329
<b>V. G. Tolstoguzova, N. Yu. Dzhura, A. Yu. Pavlova</b>	
Agrobiological peculiarities of gooseberry varieties of various ecologo-geographical origin in the conditions of Moscow suburbs .....	333
<b>Y. V. Ulyanovskaya, I. I. Suprun, S. V. Tokmakov, T. V. Bogdanovich, G. V. Gordeeva</b>	
Modern approaches in breeding of apple-tree .....	337

<b>G. Yu. Upadysheva</b> Peculiarities of sweet cherry fructification on clonal stocks in the Moscow area .....	341
<b>E. L. Harhardina, I. E. Fedotova, O. V. Ostrikova</b> Research of winter hardiness genetic potential of floral buds of remote triploid cherry sour hybrids .....	345
<b>S. Yu. Tsiupka, E. P. Shoferistov, Yu. A. Ivashchenko, O. A. Grebennikova</b> The content of biologically active substances in the fruits of introduced varieties of nectarine .....	349
<b>I. S. Chepinoga, A. V. Tikhonova</b> Fertility and quality of the fruit as elements of high pear productivity in intensive plantations .....	353
<b>S. R. Cherkezova</b> The influence of abiotic and anthropogenic factors on the formation of sucking pests of Apple .....	359
<b>V. A. Shevkun, G. I. Kadykalo</b> Application of pneumatic acoustic sprayers for the treatment of nurseries of fruit crops and small fruit plantations .....	363
<b>I. M. Shibelbeyn</b> Apple rusty tick — pest of fruit plantings of apple trees .....	367
<b>R. S. Shidacov, A. V. Satibalov</b> Creating initial apple tree breeding material in foothills North Caucasus .....	371
<b>A. S. Shidakova, A. Kh. Pshenokov</b> Apple breeding at the columnar shape of the crown in the foothills of the North Caucasus .....	375
<b>A. S. Shidakova, B. Kh. Khalilov</b> Elite apple trees for cultivation on environmental technology in the foothills of the North Caucasus .....	379
<b>V. V. Yakovenko</b> Collection of strawberry and its use in breeding to the complex of economically-valuable traits .....	383
<b>G. V. Yakuba, I. G. Mishchenko</b> Perfection of the technology of protection of fruit crops from the dominant mycoses in the Krasnodar territory .....	387
